Recruitment Pack

Welcome

Welcome from the CEO

Dear Candidate,

Firstly, thank you for showing an interest in this exciting and important role.

We are a Greater Manchester charity with a clear purpose to Change Lives Together through movement, physical activity and sport. We lead, support and connect people and partners across the Greater Manchester system to enable Active Lives for All, uniting communities and creating more equal and inclusive places so that people can lead happier, healthier and more fulfilled lives.

We play a strategic leadership role in the Greater Manchester wide movement for movement and work closely with Sport England to support the local implementation of the Uniting the Movement Strategy.

It is an exciting time for our organisation. In April, we launched our two-year Business Plan, which outlines our vision and purpose and underscores our significant role in the GM Moving in Action strategy, a ten-year initiative aimed at increasing activity and reducing inequalities throughout Greater Manchester.

Data shows a reassuring increase in activity levels, not only among adults but also in children and young people who are surpassing pre-pandemic levels and even outpacing national averages for the first time. While these achievements are worth celebrating, there is more work to do.

With confidence in our role and approach, backed by evidence and evaluation, our dedicated team and board are driven by integrity, passion, and purpose. Each of us plays our part, learning together, and finding genuine enjoyment in our work. Together, we embrace the joy of this journey, creating the conditions for exceptional performance and fostering a sense of fun and fulfilment as part of the movement for movement.

I am very proud of the organisational culture we have created together. We place a huge emphasis on being a great place to work. To us this means being a place where we inspire, grow, lead, learn, move and thrive together to achieve our vision and make positive change. We are a values-led organisation guided by passion, integrity and purpose and we invest in our workforce, so we are all healthy, productive, efficient, high-performing, motivated and progressive.

If you want to join us on the next stage of our journey, we'd love to hear from you. We are committed to equality, diversity and inclusion. We welcome and encourage applications from all backgrounds.

Yours sincerely,

Hayley Lever,
Exec Lead & CEO

Your job purpose

One of our key ambitions is to realise the power and potential of a movement of people that is reflective of the population, to inspire, engage and support people to live more active lives.

We can only achieve this by working collaboratively across sectors to create relationships with and between people, communities and system partners to ensure that they have the skills, knowledge and confidence required to develop opportunities to move more and tackle inequalities. In this role you will Lead, Support and Connect in the following ways:

- **Lead** a collaborative approach to bring together organisations trying to make volunteering in sport and physical activity more supported, inclusive and representative of GM communities, with a focus on under-represented groups
- **Support** the people that work and volunteer in clubs and community organisations that offer sport and physical activity so people can be active in their communities
- **Connect** approaches and conversations to ensure that inequalities are understood, and that we create a shared understanding of what is needed to tackle those inequalities by developing the skills and capabilities of the workforce using data and insight to identify priorities

You will

1. Lead the work to develop and embed the recommendations outlined in our recent Volunteering Research
2. Develop approaches that will help us open up volunteering and employment opportunities in sport and physical activity to people and communities who don't currently feel like they belong
3. Build relationships and connect key partners to understand the skills, mindsets and capabilities needed to work and lead in a place-based way
4. Support and connect the workforce to develop the knowledge, skills and behaviours required to tackle inequalities and recognise and remove barriers to living an active life
5. Facilitate networks, communities of practice and development opportunities that bring people together and help them engage, including leading our Volunteering Community of Practice and Tackling Inequalities Network
6. Lead local to national and national to local communication and shared learning between Sport England (and other national partners) and organisations and communities in Greater Manchester
7. Support the people that work and volunteer in clubs and community organisations that offer sport and physical activity so people can be active in their communities
8. Connect with our catalyst for change areas to help embed approaches that accelerate systems change (community power, marketing and communications, evidence and evaluation, people and leadership)
9. Collaborate with the Strategic Lead for People and Leadership to demonstrate the contribution and impact that people, communities and the paid workforce make to our Greater Manchester strategy, GM Moving in Action
